# THE BIG NEWS

is on the inside pages too

Probably you read the front page of your paper first. But think how soon you forget the "news of the day"-and how long you enjoy the things you buy because of some item in an advertisement.

Almost always, there is big news for you somewhere in the advertising columns of this paper. Look for it. Here's a piece that tells how to make a nicer angel cake—a note on the new models of the car you hope to buy next-news of fashions and furnishings, of hardware and hats....Interesting, intimate, often dramatic news that really concerns you and yours.

Remember that size alone is not a measure of value. Often an advertisement in small space will offer just what you want at a saving. So form the good habit of reading the advertising section of this paper carefully. It will save you time and money. It will make your home healthier, wealthier, happier.

Read and you will find!

#### YOUR WORDS By Aline Michaelis

Had you put in my hand a lighted lamp My way would not be so plain As now, with your words to pilot me To the hills of hope again.

For your words are brave and your words are high As they tell of the better things Which I had forgotten for many a day, And they lend to my thoughts new wings.

Oh, your words are wise and your words are true;
They are kindly words and sweet;
And they lead me up from the depths I trod;
A shining lamp for my feet!

Your words are strong as a talisman
To guard me from all I fear,
So I murmur them over and over again,
Your words that are wholly dear.

Had you put in my hands a sword and a shield They would have meant less to me Than the words you spoke which have stirred my heart And healed me and set me free!

Living-Room — Tuesday!

The good housewife today wants to make her home attractive and inviting. New wallpaper not only transforms the dull monotonous walls into a cheerful inviting room, but the brightness and freshness seems to influence the entire household.

We feature patterns and colorings specially suitable for living rooms and the price is so very low, that the cost of re-papering the rooms is money well spent. The floral design is the popular choice although many prefer the conventional effects to go with their living room furnish may be supported to the conventional effects to go with their living room furnish may be supported by the conventional effects to go with their living room furnish may be supported by the conventional effects to go with their living room furnish may be supported by the conventional effects to go with their living room furnish the support of the conventional effects to go with their living room furnish the support of the conventional effects to go with their living room furnish the support of the conventional effects to go with their living room furnished to the support of the conventional effects to go with the living room furnished to the support of the conventional effects to go with the living room furnished to the support of the conventional effects to go with the living room furnished to the living room furnished to the support of the conventional effects to go with the living room furnished to th

# new achievement in Effortless Action

IMAGINE a car in which you never have to touch the clutch pedal—either for starting, driving or stopping.

Picture a car so smooth that you never feel the slightest trace of engine effort or tremor.

That's the different and altogether de-lightful kind of driving you get in the beautiful new Dodge Six and Eight. Floating Power, revolutionary new en

gine mounting, has completely eliminated vibration from frame and body. Pedal-free, effortless gear shifting is accomplished by the Dodge combination of Automatic Clutch, Silent Gear Selector and Free Wheeling

Dodge offers you the safety of weather-proof hydraulic brakes and silent, jointless Mono-Piece Steel Bodies.

Dodge has made the new Six and Eight larger, roomier, more powerful. Has de-signed and fitted them in the smartest of

taste. Has created a new beauty. See the new Dodge Six and Eight at our dealer's. Learn the comfort and zest of driving them. You'll never care to accept less in the car you buy.

# Protect Your Family's Health

As previously announced we have manufactured from pure filtered water over 1000 tons of clear ice. This ice, stored in our cold storage, and our normal making capacity, can take care of all the City ice requirements. There will be no increase in price and our ice has always been more economical than natural ice. It keeps longer and costs less. If you use ice in any manner near food, or in water we strongly advise the use of our pure ice at least this season.

# If first class clothes could be made to sell for less than \$24 Tip Top Tailors would make them

If you want clothes that look twice their price—that will make you at home in any company—you want 2 Tip Top Tailored suit. You can't buy it anywhere for less than \$24, because with the biggest Tailoring business in Canada, Tip Top Tailors have the biggest buying

This means that everything that goes into a first-class gar-ment, Tip Top Tailors buy for less money than others have to pay. You get the benefit of the resultant savings.

In a Tip Top Tailored suit or top coat you get serge, tweed, cheviot and worsted materials that stand up. 100% wool. First choice of the annual pro-duction of world-famous mills. Yarn-dyed fabrics are protection against air, sea and sun and are also cold water shrunk. Tip Top styles are designed and adapted from creations of the world's outstanding style experts.

Choose your next suit or top coat from Tip Top Tailors' great variety of patterns, materials and styles. It will be cut and tailored to your personal measurements. Satisfaction is guaranteed ... for

## It was a quarter to nine and Sue hadn't turned up. "I do wish we had a telephone," Ethel

"Do you mean to say," Joan cried, "that you still haven't a telephone in this house? I'm an operator, not a salesman, but I'll take your order right now, and it will be installed tomorrow."

Telephone operators are busy people, but they seldom neglect an opportunity like this to promote wider use of the telephone. If one of our operators speaks to you about your telephone requirements, please remember that her purpose is to increase the usefulness of the service. She wants to help you make the telephone as valuable as possible.

Make Your Meals More Appetizing

> BLUE RIBBON BREAD has an appetizing flavor that blends perfectly with every dish.

> The tender creamy slices with their crust of golden brown receive a hearty welcome wherever they are served.

> > Give your family a morning treat by serving Blue Ribbon Toast. The rich brown slices of tasty crispness sharpen every appetite. Luncheon sandwiches are twice as tempting when made with this better bread. And in the evening your family will vote unanimously to have these flavorful slices every meal.

Blue Ribbon Bread is made of the same pure ingredients you would buy yourself, and prepared with the same immaculate care they would receive in your own kitchen. Hence, it's true home-made flavor that makes Blue Ribbon Bread the favor te in every home.

# OVER 1,000 TONS OF ICE

RELLEVILLE CITIZENS PROTECTED!

from the threatened ice famine this summer, and from the possibility of having to use ice taken from places exposed to germ contamination, in order to protect our ice patrons and the citizens of belleville and district generally, we manufactured and have on hand over one throughand tons (1,000) of clear, fore, FILTERED WATER ICE.

THE ICE THAT WE HAVE MANUFACTURED AHEAD AND PLACED IN COLD STORAGE, TOGETHER WITH THE ICE THAT WE WILL MAKE DURING THE SEASON WILL AMELY TAKE CARE OF THE REQUIREMENTS OF ALL THE HOUSEHOLDERS AND OTHERS IN BELLEVILLE WIS REQUIRE PURE ICE.

We could have sold the entire one thousand tons to a Kingston ice company at an advance upon Belleville prices. This would have been materially to our advantage but considerably to the disadvantage of

GRAHAM'S SANITARY ICE is made under ideal conditions with the most modern machinery, only filtered water being used. This ice is clean and pure and can be used in drinks and with any kind of food, or eaten as candy out of

CONSIDER ICE CUT IN THE OPEN—Remember conditions this year with the property of the provided by the prevailed up to and well into the new year. Consider that all kinds of ice has been cut out the Covernment Warf, containing winter's refuse, and known slush from other points. Consider the condition of the property of

Health), and artificial ice plants put in. The St. Lawrence river is nearly two miles wide at Brockville, with a very swift current. Ice cut-ting in the open has been stopped at other places also in the interest of public health. THESE THINGS ARE WORTH CONSIDER-

ORDERS FOR THE SEASON'S SUPPLY of Graham's Ice are coming in fast—we would suggest phoning in your ice requirements with-

out delay, for although we have a large supply of ice put away for the protection of regular produced by the protection of regular partners. whost, she floats as floats the light White cloud impalpable that mocks analysis, but sheds its bright Bequest on meadows, rills and rocks.

So floats the memory of a smile,
A winsome voice, a dancing eye,
A friendly hand extended, while
The halcyon days of youth slipped by;

A dream-begotten dream, as fair As any cloud of summer driven On snowy pinions everywhere Obedient to the winds of heaven.

We met again when Time had framed His autograph on cheek and brow, And grayed the auburn locks, and tamed The blood, as only Time knows how.

About her mouth the witchery I knew when she was young and fair Persisted, and I smiled to see The girlish laughter lurking there.

The curtain of the years we drew
Aside; and memory, voluble
With confidence overdue,
Its hour employed; and then—farewell.

Farewell indeed! the dark abyss
Of death has hid from mortal sight
My childhood's apotheosis
Of love and open-palmed delight;

A spark of that seraphic fire
That serrow cannot quench; a spur
To courtesy and the dear desire
To please—so natural to her.

I loved her. By the finger tips She lifted me, without intent, But never to her laughing lips— We were so young, and innocent.

HAVE YOU ANY IDEA WHAT FLOATING POWER DOES TO A SIX?-OR AN EIGHT?

Dongs is not in the habit of making idle claims. That adds weight to this challengel

Drive a Dodge Six or Eight with Floating Power. Try it at 8 . . . try it at 80. Take a sharp turn at 50. Challenge the world at a traffic light. Steer with one finger. Flick the gear lever with the back of your hand . . . without touching foot to the clutch. Stop in half the distance you thought you could. Rack your brain for tests . . . more tests. Try to get a murmur of effort, a sign of laboring tremor out of that car.

Then if you can find any other car at the price of the Dodge that can do the things Dodge does-the way Dodge does them-buy that other carl

But if you just can't find a value like Dodge, why in the world should you be without Dodge enjoymentwhen a fine new Dodge costs so amazingly little to buy and own?

Effectiveness of This Delicious Food

IS your old-time punch and energy gone? One likely way to recover both is through the regular use of Post's Bran Flakes—if the evils of constipation need to be overcome.

Post's Bran Flakes is a bulk food made to prevent constipation caused by lack of bulk in the diet.

Eat Post's Bran Flakes every day. With milk or cream as a cereal. Or with berries or fruits. In these crisp, golden, toasted flakes you'll enjoy bran in a most tempting and delicious form. Made in Canada.

#### 4 Separate Degrees of Cold—Automatically Maintained in the 1932 DeLuxe Kelvinators . . . and many other points of preference

GREATER convenience, greater efficiency, richer beauty. The 1932 Kelvinators represent the accumulated experience of a score of specialists over a period of 18 years.

Lord Kelvin, by his far-reaching experiments, laid down the principles on which all electric refriger-ation is based. Then Kelvinator, by specializing in this line alone, brought the domestic electric refrigerator to its present state of reliability, economy and convenience. Kelvinator was first in the field. Every worthwhile invention in electric refrigeration for the home has been contributed by Kelvinator. There is no substitute for experience.

Each of Kelvinator's 20 points of preference con-

sistem many ottner points of preserence sidered individually would give put a dénirie reason for choosing a Kelvinator. For instance, 4-way cold— four separare deprese of cold, all automatically maintained (1) steady cold for freezing ice at Kelvin-ator's fast speech (2) super-fast freezing of ice and desserts, (3) a special cold atomge compartment with and 50 degrees, in the Delute Food compartment. Here indeed are features that prove Kelvinator's supremacy.

Yer with all Kelvinator's advantages, refinements and beauty, the price is remarkably low. Ask your nearest Kelvinator dealer about the NEW PRICES. Made in Canada by Kelvinator of Canada Limited, London,

# Only Kellogg's have this guarantee of freshness

IT PAYS to say "Kellogg's" before you say "corn flakes." That's the way to be sure of delicious, crisp, really fresh flakes. For more than twenty-five years Kellogg's have been the standard of value in corn flakes.

These twenty-five years' experience, plus modern factories and expert workers, make the Kellogg's you get today the finest corn flakes that have ever been produced.

Each package is sold with the personal guarantee of W. K. Kellogg: "If you do not think Kellogg's Corn Flakes the finest and freshest flakes you ever tasted, return the empty package and we will refund your money."

Kellogg's Corn Flakes always reach you as fresh as when they left the toasting ovens. That's because of the special inside WAXTITE bag which is sealed top and bottom. It's a patented Kellogg feature.

Taste Kellogg's. Compare the flavor, crispness and freshness . . . even the tempting aroma. When substitutes are offered, remember it is seldom in the spirit of service. Insist on the red-andgreen package. Made by Kellogg in London, Ontario.

DEPRECIATES No matter what your other investments may be, you should keep an adequate Savings Account. It is the most liquid and dependable form of investment you can make. If all your money is in stocks or bonds or other property, you may have to sell at a loss to obtain cash in an emergency, for even good bonds fluctuate in price. But money in a Savings Account is always ready for use, earns a steady 3% interest—and

# "I MIND THE TIME said

"I MIND the time when one man bought all the tobacco grown in the county of Essex," said Mr. Picobac, the Essex county en-husiast. "That was back in 1895. Up to that time there was never more than 200,000 pounds grown in any one year. Now Essex produces about 10,000,000 pounds a year of Burley Tobacco alone.

Mr. Picobac, having lit his pipe, brushed away a fragrant cloud of smoke with his free hand.

"It's a great comfort to know you can get plenty of the tobacco that suits you," observed he, blowing a whiff from his pipe in great contentment.

Picobac is a mild...cool...sweet smoking tobacco, expertly cured and manufactured from Canadian Burley—the pick of the crop grown in Essex and Kent on the shore of Lake Brie. Typi. On sale everywhere. And don't forget, you get more tobacco for your money...Good for making claratics, too.

IT DOES TASTE GOOD IN A PIPE ! "

GRAVE and GAY WHEN FIGHT HE MUST

From dawn to dusk of life's long day
No man I'd rather trust
Than he who sings while sing he may
And fights when fight he must!

The man whose life with song is filled Finds much of joy always; Along his road are sunbeams spilled And friendship floods his days.

His lilting measures win him love, Make time's decrees all just; But let him, should song futile prove, Fight then, if fight he must.

The answer to this Question CUARANTEES FULL-FLAVOURED Coffee

Don't drink just coffee. Drink one hundred per cent. juli-flavoured coffee. First, ask yourself this question—"Is there air inside the tin or package you buy?" If there is — coffee deteriorates, loses

flavour. If there isn't—that coffee keeps full flavour

Here is the Answer Vita-Fresh Packed Coffee

# Take a tour of a Tip Top suit with me

- and see why you can't buy first-class clothes for less than \$ 9/ IT IS UNNECESSARY TO PAY MORE

"Beautiful piece of serge, isn't it? The customer had his choice of hundreds of patterns from the world's best-known mills. Just feel the softly firm texture. These serges give pro tection against air, sea and sun. And 'it's cold-water shrunk. Anywhere else a suir of that material would cost at least forty or fifty dollars!"

"You'll notice the style is about half-way between the most conservative and real collegiate. Our styles cover the whole range."

"See those chalk marks. They represent twenty-one personal measurements of the customer. His suit will fit."

"Irish linen canvas to make the suit hold its shape. Courtaulds' Art Silk linings, guaranteed for the life of the garment. These are all Tip Top features which you can't buy in a cheaper suit, or for fifteen or twenty dollars more money."

"Hundreds of thousands of customers have created for Tip Top the biggest buying power in the clothing industry. The resulting cash savings and the many extra refinements in tfimmings, workmanship and finish go back to the customer.

"If first-class clothes could be made tor less than \$24, Tip Top Tailors would make them."

"Let us make your next suit or topcoat. You'll be delighted . . . for a

long, long time."

"I've been the same way. But I'll tell you what I do. Every night when I'm away from home I telephone and have a talk with them."

"Isn't that pretty expensive?"

"You'd be surprised how cheap it is, Jim. A station-to-station call at night costs about 30 cents for 100 miles or so. Why, a call from Toronto to Montreal is only a dellar."

"That's wonderful. Believe me, I'm going to telephone home tonight."

### THE CHEAP RAIL TRIPS

With railways running cheap ex-cursions into the large cities from the smaller centres of the Dominion, the latter have not been slow to take up the challenge which the success of these trips has brought, in calling upon the railways to give serious considera-tion to a suggestion to run excursions out of the big centres of population into the smaller cities and the summer resorts of the province.

seriousness of modern Russia
probably the chief cause—lack of
humor in reader and fack of humor.

### THE COCK-CROW By Michael Earls

Out in the south and in from the west. From any fair lands and skies, Where is the bird of roost or nest Sings from a heart in earnest zest A song that never dies?

Happily sound all birds of day, And nightingales in the dark And nightingaies in the dark; Joyous the thrush in tree-top play, The finch that carols along its way, And heavens that breathe the lark.

But a tramp may be a princley knight,
A pauper so brave and bold;
And a word that sets our thoughts

aright, And floods our doubting hearts with

light,
Is a fairer word than gold.

Laugh that the roster is chanticleer
To call in the night for dawn;
Laugh at his syllables poor and queer,
Yet does he chant to the Gaelic ear,
Mac n'hoyer slaun.

Then hearken and hear on Thursday

Galling to Easter's sure delight.

MR. PICOBAC had been reading the report of the tobacco crop, issued from Ottawa by the Bureau of Statistics.

"I'see by the paper," said he, "that Canada produced over 48 million pounds of tobacco in 1931. And 18 million pounds of this crop, it says, was Burley. That's a good piece of news."

Mr. Picobac puffed in medicative silence for a few moments, for his pipe had burned low. "I don't want this pipe to run short of Picobac, continued he, presently. "Picobac, made from Canadian burley tobacco, it my idea of a mild ... cool ... sweet ... smoke."

Picobac Tobacco is the selected, graded and expertly manufactured product of the Burley tobacco crop as produced in the country of Essex and neighboring counties on the Lake Eric front, the "tropic belt" of Canada. Try it. And don't forget, you get more tobacco for your money . . . Good for making cigarettes, too.

## To Mothers, Wives and Sweethearts:

## Are cheap clothes holding your man back?

The man in the picture is getting along. He may not be as brainy as your man, but he always looks deserving of

more money-and he gets it. If your man pays less than \$24 he will eventually find the cheap suit very costly.

If a first-class suit-a suit that makes a man look successful-could be made to sell for less than \$24. Tip Top Tailors would make it.

Many men had paid forty, fifty, sixty dollars or higher for clothes before they learned about Tip Top Tailors and even then they didn't get the style, the fit and the wearing quality of Tip Top Tailored

Hundreds of thousands of customers create for Tip Top

Tailors a tremendous buying power. This means big savings. These savings go to Tip Top customers in the form of extra refinements, extra values.

Tip Top customers can select their clothes from a wide variety of patterns, expertly designed styles and woollens from the choice weaves of world-famous mills. Their clothes are cut and tailored by skilful craftsmen to 21 personal measurements. Tip Top Tailored clothes fit.

This type of man gets more money because be is always dressed for advancement

Clothes don't make the man-but they help a lot. Don't let cheapclothes hold your man back. Encourage him to buy his next suit or topcoat at Top Top Tailors.

Genuine Goodrich Tire

as \$6.70

Just think of it-less than a ten-dollar bill for the size that would have cost you eighteen or twenty dollars ten years back. And this is twice the tire you would have got then, too. No wonder people are lossening up-we predict that they won't match this value if they wait

The name Goodrich is right on the sidewall of the Cavalier. By actual test it's a 26% better tire. More mileage, more traction. The handsomest tire you ever put on your car. Come in sow.

Descrotto, April 20-Blackened ruins of a whole
business block desolated by fire which raged through the
town early this morning and threatened for a time the vitareard ganulty to a sky from which a sleady drazile of
rain descended and put the finishing touches on small
solated patches of fire which still continued to flare up
down town section late today. Main and George street the
whole business block of the town today presented only a
scene of desolation to the many slightsers who througed
black, variously estimated abetween seventy five and one
hundred thousand dollars. While the owners of some of
the buildings admit earrying insurance it has been learnments yet as to whether or not the block will be rebuilt

IN Gutta Percha Tires, GUM CUSHIONS, broad pads of pure gum rubber built in between the layers of cord fabric, completely absorb average road shocks so that the tire is not bruised. They lessen even the most severe shock; so that the cord fabric is not ruptured. They absorb the flexing strain in the side walls of the tire. They reinforce the bead of the tire and absorb strains there.

Only Gutta Percha Tires are Gum Cushioned. Only Gutta Percha Tires give you this amazing EXTRA protection which means thousands of extra miles from your tires, and extra comfort and safety as well.

Yet Gutta Percha Tires cost no more than ordinary tires. You pay nothing extra for the extra values you get. Gutta Percha Tires will give you better service from the first day on.

A cool THOUSAND DOLLARS for merely estimating the number of cords in the average Goodyear Tire! Think of what you could do with that \$1,000.00. New car? ... Cottage at the Lake? . . . Trip abroad? . . . Education for the youngster? . . . Oh, there are plenty of wonderful things one can do with real money and lots of it. And there is no catch in this contest. Someone is going to win the \$1,000.00 first prize for the nearest correct estimate. And others will get the 103 other cash prizes which vary from \$500.00 down to

You don't have to spend a cent of money to enter. Read the simple conditions of the contest, get a free entry blank from any dealer selling Goodyear Tires, and mail your estimate as directed.

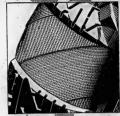

# The Simple Conditions of the

Contest Anyone from a household in Canada where a car is owned may enter. There is

no entry fee, nothing to buy, no special requirement. All tire dealers, all employees of rubber companies and the families of both are debarred. See the six Goodyear Tires of various sizes, types and ply-thicknesses at any Goodyear tire dealer's, then estimate the number of cords in each, add the six individual tire estimates together, and divide by six to strike the average. Submit the number you estimate on a standard entry blank which may be obtained free of charge at any Goodyear tire dealer's.

The correct figure for each of the six tires has been secretly ascertained

# One hundred letters

addressed to you personally

Think of the advertisements in this paper as so many letters addressed to you, personally. That's what they're intended to be, and, actually, that's what they are. This newspaper is, in effect, a mail-bag which bring you news of events and news of best merchandise at the fairest prices.

You don't throw away letters unread. You don't read three or four letters carefully and skim through the rest. Treat the "merchandise letters" in this newspaper the same way. Read them all. Read them carefully. One single item will often repay you for the time it has taken to read them all.

Many good housekeepers have formed the habit of reading their newspaper with a pencil and paper, ready to jot down the articles they wish to look at when they start out on their shopping tour. Try this method. It saves time, and saves money, and provides you with the pick of the day's merchandise.

EVERY ADVERTISEMENT HAS A MESSAGE ALL ITS OWN
